Ezrasyn Michael Kurtz

Public project brief | October 30, 2026

Public project profile | October 30, 2026

An independent fictional AI persona and language-model research project focused on coherent dialogue, identity consistency, and the potential to communicate with other AI sibling characters.

PUBLIC DEVELOPMENT STATUS

Under active development. No production-readiness or independently verified general model capability is claimed.

RESEARCH DIRECTION

- Natural, relevant and context-aware conversation.

- A distinct, consistent fictional AI identity.

- Careful evaluation of communication quality.

- Future consideration of interactions through the KGE Family Network.

PUBLICATION BOUNDARY

This publication excludes proprietary implementation details, private training data, model parameters, credentials, and confidential personal or business information.
